

Precast Concrete Modular Stormwater Management System

Efficient | Effective | Economical

A concrete solution for stormwater management

StormTrap® offers the industry's best new solutions for managing runoff, protecting waterways and improving the use of your property. Find out more at www.StormTrap.com.

PROJECT PROFILE:

Flexible Growth for CN

- PROJECT NAME:** Canadian National Rail Yard Expansion
- PRODUCT USED:** 4'8" SingleTrap
- TOTAL WATER STORED:** 35,847 cubic feet
- FOUNDATION:** Stone Aggregate
- LOCATION:** Illinois

PROJECT DESCRIPTION:

Canadian National Intermodal was expanding its Markham, IL, rail yard and needed StormTrap to design and manufacture a stormwater detention system. StormTrap was chosen for its ability to put the system underground without sacrificing driving or parking space and for the option to expand the system in the future.
